9.50	410	125176*	\$134.16
10.00	430	125185*	\$147.49

## PARABOLIC FLUTE SHAPE

(For efficient chip evacuation)

135o WEB THINNED POINT

40o FLUTE HELIX

SUITED FOR DRILLING STEELS

UP TO 1000N/mm<sup>2</sup>

A heavy web thinned point and parabolic flute provide increased stability, enabling drilling of straight accurate holes, up to 11-14 times diameters deep without the need for frequent withdrawal.

**Note:** A location hole is recommended.
